To: Ron Altman/ESC/R3/USEPA/US@EPA, John Curry/ESC/R3/USEPA/US@EPA, Eric Graybill/ESC/R3/USEPA/US@EPA, kevin Poff/ESC/R3/USEPA/US@EPA

I needed to re-arranged the samples in the walk-in to have more room for more samples and to consolidate each parameter. So here's the location (and I put signs up in the walk-in) of the samples:

Anions - Shelf 1C

Wet Chemistry samples - Shelf 8B and in the cooler on 1D

TSS - In the cooler on 1D

TDS - Shelf 2B and in the cooler on 1D

These two parameters are still on different shelves throughout the walk-in. But this is where I placed the Saturdays samples:

O&G - Shelf 7C and on the cart (lower level)

SVOCs - Shelf 2C

Thank You,
